

2021 SEPTEMBER 30 ECOMUSEUMS AND CLIMATE ACTION

2030 UN Sustainable Development goals and climate action: the role of Ecomuseums and community museums.

A satellite events of the
Pre-COP 26 on climate
change and of the World
Forum on Democracy

inside the programme to
celebrate 50 years of
ecomuseology

The ecomuseums and
community museums
will illustrate
methods, tools and
community-based
projects against the
climate crisis and for
the sustainable use of
the common heritage
for the integral
development both at
the local and global
scales.

2021 SEPTEMBER 30th
3:00 PM (CET)
